

TIME Honors Six HCC Portfolio Companies Named to TIME's List of the World's Top HealthTech Companies of 2025

NEW YORK– **Health Catalyst Capital** congratulates six of its portfolio companies for being named among **Time Magazine's "World's Top HealthTech Companies of 2025."** This recognition affirms our mission to invest at the intersection of artificial intelligence and healthcare, partnering with large health systems to bring innovations that improve quality, access, and reduce cost. As a leading private equity fund, Health Catalyst Capital is proud to support forward-thinking companies whose technologies are reshaping care, and thrilled to see our partners honored on this global stage.

About the Honored Companies:

- [Clearsense](#) offers an AI-powered data analytics platform that serves as a single source of truth for healthcare data, enabling organizations to unify data, streamline operations, and drive cost savings.
- [Datavant](#) is a health information technology company that develops and maintains a digital ecosystem for the exchange of healthcare data, facilitating secure and efficient data sharing among healthcare stakeholders.
- [Healthmine](#) offers Health Action as a Service (HAaaS), providing solutions to improve member engagement, lower care costs, and boost member satisfaction for health plans.
- [Holmusk](#) is a behavioral health electronic medical record (EMR) and analytics platform serving pharmaceutical companies and providers, focusing on advancing mental health care through data analytics.
- [Pager Health](#) is a virtual care collaboration platform that guides users through the entire healthcare journey, providing personalized assistance and coordination.
- [Quest Analytics](#) provides a platform for payers, health plans, health systems, and provider groups to design, optimize, and manage their provider networks, ensuring network adequacy and accessibility.
